Using your paper cart is easy!

- Put all paper and cardboard in the cart.
- Flatten boxes so they fit in the cart.
- It is better to overfill the cart than to place cardboard next to the cart.
- Put shredded paper in small box or paper bag before placing in cart.
- Put your cart curbside by 7am.
- **The lid opening must face the street.**

Placing the container out only when it's full will help collection efficiency.

What can you put in the blue cart?

- **Paper and Cardboard ONLY!**
- Check the label on the inside of the cart lid for details.

DO NOT RECYCLE

NO hardback books, foil-coated or food contaminated boxes or refrigerated/ frozen food cartons.

Common paper cart questions

Q: Is my recycling day changing?
A: NO – A calendar is enclosed.

Q: Can I put bottles & cans in my cart?
A: NO – A different truck collects them. Keep using your recycling bucket.

Q: What about large oversized boxes like appliance or furniture boxes?
A: Consider using your town dropoff. If necessary, fold or cut boxes down in size and set next to your cart.

Q: Where should I put my cart?
A: Keep 2 feet of clear space around your cart. Avoid utility poles, mailboxes, hydrants, trees, cars, trash and recycling containers. Set your cart within 1 foot of the curb. **The lid must open towards the street.**
